

CLEANING YOUR PEEPERS

- ① For everyday smudges, use a lens cleaning cloth such as microfiber.
- ② Spray lenses with lens cleaning solution. Warm, soapy water also works.
- ③ Wipe with a soft cloth. Avoid using rough fabric, tissues, or paper towel to prevent lens scratching.

PROTECTING YOUR PEEPERS

- When not wearing your glasses, they should be in a case.
- Avoid leaving glasses in extreme heat or direct sunlight (i.e. on the dashboard of your car).

From hard cases to cleaning cloths, we have everything you need to keep your Peepers fashionably protected at [peepers.com](https://www.peepers.com)!
